

Name: _____ Period: _____ Date: _____

The 400-Meters Race

PART A:

The rough sketch graph shown below describes what happens when 3 runners A, B, and C enter a 400-meters race. Match each of the stories below with either Runner A, B, or C.

Stories:

1. This runner starts off this race very slowly, trailing behind the other runners. Not for long though! The runner starts speeding up, slowly but surely! Finally, the runner catches up and finishes the race!
Which runner does this commentary belong to? _____
2. This runner starts off this race very fast, speeding by the other runners. Oh no! This runner trips over a rock and falls! After getting up quickly, the runner continues to run at a steady pace, finally finishing the race.
Which runner does this commentary belong to? _____

PART B: Your turn!

Imagine that you are the race commentator. Describe what is happening to Runner ____ as carefully as you can.
